

Students' Union

Want to make the most out of your time at College? Join the Students' Union! The SU is run by students for students so the more actively involved you are the more fun you have! Get involved!

We assist the International Student Reps in planning and organising activities for international students which may include the cinema, bowling, ice-skating or weekend excursions to London, Portsmouth or Brighton. The International Social Committee is made up of students and staff who meet regularly to discuss the future social timetable and are always working on new ideas for things to do to ensure your time spent at College is fun and interesting.

International Day has become an important event in the College's calendar - all international students work together to showcase their home country. This may include traditional food and drink, national dress, martial art and dance demonstrations and character writing.
