

# English Plus / Study Abroad

**English Plus** programmes at Guildford College offer students the opportunity to learn English and at the same time to study another subject of interest. We can offer **Plus** programmes in a wide variety of subject areas listed below, and we can also design Plus programmes to suit your own specific needs. We can be very flexible and will try to design a Plus programme that is specifically suited for your needs: your level of English, your education in your home country, and your experience in the areas you would like to study.

It may be that you are a high school student and you want to experience a taster course in a particular subject before committing to study that subject long term at university, or it may be that you are a professional already working in a particular field and you want to take a short course to enhance your existing professional skills or learn new skills in a different area, a masterclass programme e.g. English Plus Floristry.

Students study general English in the mornings with other international students and then join classes of UK students for vocational courses on some afternoons. This will help you to put your skills into practice! Subjects can include:

- English Plus Golf
- English Plus Equine
- English Plus Hairdressing
- English Plus Beauty
- English Plus Travel and Tourism

You can join in Term 1 or Term 2 or study for both terms and receive a discount.

Whatever you want to achieve, we may have a Plus course to help you. Please contact the [International Centre](#) for more details. Please read our  [terms and conditions](#) before making a booking for a course.

## English Plus Fees (term time only)

- Term 1 (14 weeks) £3780
- Term 2 (12 weeks) £3240
- For study less than 12 weeks £280 per week
