

Pre-Arrival

Use the International [Student Calculator](#) to work out just how much money you will need to study in the UK, taking into account tuition fees and living expenses.

In order to apply for a course at Guildford College you need to complete an application form for either an English or academic programme. When submitting these forms you should also include a copy of your passport, evidence of your English level and where appropriate your high school transcript and certificates and a fully completed accommodation booking form.

Your application will be considered by our tutors and if suitable an offer will be made. Once you have received our offer you should confirm your place by paying Guildford College a deposit and sending the International Centre a copy of the remittance. When we have received the deposit we will issue you with a Confirmation of Acceptance for Studies (CAS) this is a unique reference number which will enable you to apply for a visa. For further information please visit www.ukba.homeoffice.gov.uk

Please let us know as soon as you have been successful in getting your visa so we know when we can expect you and can confirm your accommodation. Please also inform us of your flight details so we can let your host family know and make arrangement for a taxi to collect you from the airport. It is also at this point that you should pay the remainder of your fees.

At the Guildford College Group we would like to make studying as easy and enjoyable as possible therefore we would like to provide you with some useful information to prepare you for your trip overseas. Please take the time to watch the movie and read our [Pre-Arrival Guide](#) to give you further details about the UK and the culture. If you require any further information please email international@guildford.ac.uk
